Note 47.2.5

In view of the repurchase of the property, State Bank of Pakistan while recognizing the sale as a sale, vide their letter dated August 24, 2011, has advised the Bank to reclassify 50% of the gain realized on sale of the said property (including amount transferred from revaluation surplus to accumulated loss) for capital adequacy calculation purposes as part of Tier-2 capital with treatment similar to revaluation reserves. Initially revaluation reserves upto 45% were allowed, however since the B-III deductions has commenced from Dec 2014, the recognition of the remaining revaluation (55%) has been allowed gradually. Accordingly, an amount of Rs. 877.937 million has been transferred from accumulated loss to revaluation reserve as Tier II Capital for capital adequacy calculation.

Note 47.2.6

This is with reference to State Bank's approval vide their letter dated Jun 03, 2020, whereby SBP has allowed the Bank to treat general provision held against consumer financing as par of Common Equity Tier 1 instead of Tier 2 for the purpose of CAR calculations only. Accordingly an amount of Rs.784.308 Million has been transferred from Tier 2 to Tier 1 for the purpose of calculating capital adequacy ratio.
